Ed & Cecilia Dalbello

Missionaries to Brazil

Royal Rangers - Street Kids

## This Is An Awesome Ministry

To be able to minister to kids and keep them in the faith is a huge investment and a rewarding task; it requires commitment.

Help them to grow in the Lord, become good citizens, develop moral codes and become the person God want them to be, this is what the Rangers program is all about.

## Training - Training - Training

How to make a ministry grow? Invest in the leaders! We are having trainings and workshops scheduled for the whole year. This weekend we will train 75 new leaders to minister and become mentors. The better leaders you have, the better your ministry run. This year Ed visited several churches to present the ministry and the results were always positive.

## UPDATE & PRAYERS

### PERSONAL:

Please pray for our health, finances and safety as we travel to train leaders throughout the country.

### FINANCES:

Our finances are tight, we need and would love a special offering.

### MINISTRY:

We need more leaders to minister to the children and loyal leaders to help our ministry in Brazil.

Remember: \*Your mission's giving is impacting the world\*
